FACADE SYSTEM

HIGH PERFORMANCE WINDOWS AND DOORS FEATURING BEST IN CLASS
QUALITY, TECHNOLOGY, ENERGY EFFICIENCY AND CONTEMPORARY DESIGN

Say YES to the YAWAL USA FA 50 VentLine

FA 50 VentLine is a universal structural window system that allows for installation of parallel sliding, tilt or turn windows in a facade, with mechanically or structurally assembled glazing.

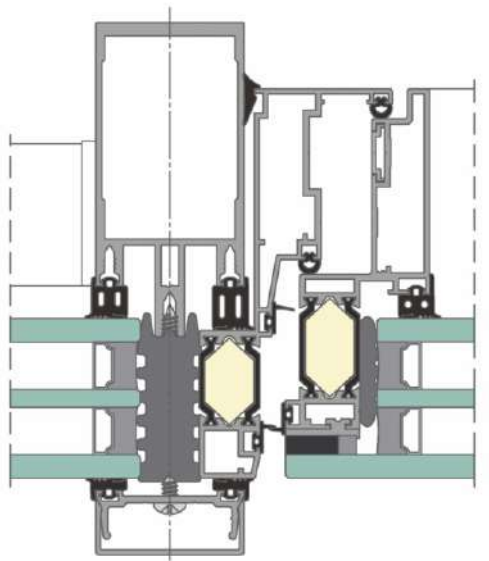

The classy design of the FA 50 VentLine is built to make the aluminum frames of window sash invisible from the outside. The FA 50 Ventline can also be integrated into working with other products in the Yawal USA line allowing a consistent and smart appearance and easier use and installation.

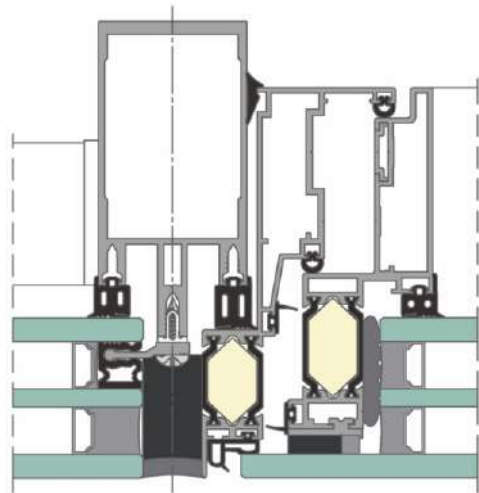

FA 50 VentLine SIGNIFICANT BENEFITS

- + Intelligent design that allows a clean and interrupted look
- + Wide variety of paint and finish options, allowing designer to meet their vision
- + Vented window option for natural air allowance
- + Combines seamlessly with other Yawal USA systems
- + Options for automatic opening and closing
- + Fully tested and warranted
- + High performance results in the areas water, air, thermal and fire resistance
